## Special Plan Provisions

When you select a Participating Provider, this plan pays a greater share of the costs than if you select a non-Participating Provider. Participating Providers include Physicians, Hospitals and Other Health Professionals and Other Health Care Facilities. Consult your Physician Guide for a list of Participating Providers in your area. Participating Providers are committed to providing you and your Dependents appropriate care while lowering medical costs.

### Services Available in Conjunction With Your Medical Plan

The following pages describe helpful services available in conjunction with your medical plan. You can access these services by calling the toll-free number shown on the back of your ID card.

### Case Management

Case Management is a service provided through a Review Organization, which assists individuals with treatment needs that extend beyond the acute care setting. The goal of Case Management is to ensure that patients receive appropriate care in the most effective setting possible whether at home, as an outpatient, or an inpatient in a Hospital or specialized facility. Should the need for Case Management arise, a Case Management professional will work closely with the patient, his or her family and the attending Physician to determine appropriate treatment options which will best meet the patient's needs and keep costs manageable. The Case Manager will help coordinate the treatment program and arrange for necessary resources. Case Managers are also available to answer questions and provide ongoing support for the family in times of medical crisis.

Case Managers are Registered Nurses (RNs) and other credentialed health care professionals, each trained in a clinical specialty area such as trauma, high risk pregnancy and neonates, oncology, mental health, rehabilitation or general medicine and surgery. A Case Manager trained in the appropriate clinical specialty area will be assigned to you or your dependent. In addition, Case Managers are supported by a panel of Physician advisors who offer guidance on up-to-date treatment programs and medical technology. While the Case Manager recommends alternate treatment programs and helps coordinate needed resources, the patient's attending Physician remains responsible for the actual medical care.

- You, your dependent or an attending Physician can request Case Management services by calling the **toll-free number** shown on your ID card during normal business hours, Monday through Friday. In addition, your employer, a claim office or a utilization review program (see the PAC/CSR section of your certificate) may refer an individual for Case Management.
- The Review Organization assesses each case to determine whether Case Management is appropriate.
- You or your Dependent is contacted by an assigned Case Manager who explains in detail how the program works. Participation in the program is voluntary - no penalty or benefit reduction is imposed if you do not wish to participate in Case Management.
- Following an initial assessment, the Case Manager works with you, your family and Physician to determine the needs of the patient and to identify what alternate treatment programs are available (for example, in-home medical care in lieu of an extended Hospital convalescence). You are not penalized if the alternate treatment program is not followed.
- The Case Manager arranges for alternate treatment services and supplies, as needed (for example, nursing services or a Hospital bed and other Durable Medical Equipment for the home).
- The Case Manager also acts as a liaison between the insurer, the patient, his or her family and Physician as needed (for example, by helping you to understand a complex medical diagnosis or treatment plan).
- Once the alternate treatment program is in place, the Case Manager continues to manage the case to ensure the treatment program remains appropriate to the patient's needs.

While participation in Case Management is strictly voluntary, Case Management professionals can offer quality, cost-effective treatment alternatives, as well as provide assistance in obtaining needed medical resources and ongoing family support in a time of need.

### **Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA) - Non-Quantitative Treatment Limitations (NQTLs)**

Federal MHPAEA regulations provide that a plan cannot impose a Non-Quantitative Treatment Limitation (NQTL) on mental health or substance use disorder (MH/SUD) benefits in any classification unless the processes, strategies, evidentiary standards, or other factors used in applying the NQTL to MH/SUD benefits are comparable to, and are applied no more stringently than, those used in applying the NQTL to medical/surgical benefits in the same classification of benefits as written and in operation under the terms of the plan.

Non-Quantitative Treatment Limitations (NQTLs) include:

- Medical management standards limiting or excluding benefits based on Medical Necessity or whether the treatment is experimental or investigative;
- Prescription drug formulary design;
- Network admission standards;
- Methods for determining in-network and out-of-network provider reimbursement rates;
- Step therapy a/k/a fail-first requirements; and
- Exclusions and/or restrictions based on geographic location, facility type or provider specialty.

A description of your plan's NQTL methodologies and processes applied to medical/surgical benefits and MH/SUD

benefits is available for review by Plan Administrators (e.g. employers) and covered persons by accessing the appropriate link below:

#### **Employers (Plan Administrators):**

<https://cignaaccess.cigna.com/secure/app/ca/centralRepo> - Log in, select Resources and Training, then select the NQTL document.

#### **Covered Persons:** [www.cigna.com/sp](http://www.cigna.com/sp)

To determine which document applies to your plan, select the relevant health plan product; medical management model (inpatient only or inpatient and outpatient) which can be located in this booklet immediately following The Schedule; and pharmacy coverage (whether or not your plan includes pharmacy coverage).

## **How To File Your Claim**

There's no paperwork for In-Network care. Just show your identification card and pay your share of the cost, if any; your provider will submit a claim to Cigna for reimbursement. Out-of-Network claims can be submitted by the provider if the provider is able and willing to file on your behalf. If the provider is not submitting on your behalf, you must send your completed claim form and itemized bills to the claims address listed on the claim form.

You may get the required claim forms from the website listed on your identification card or by using the toll-free number on your identification card.

### **CLAIM REMINDERS**

- BE SURE TO USE YOUR MEMBER ID AND ACCOUNT/GROUP NUMBER WHEN YOU FILE CIGNA'S CLAIM FORMS, OR WHEN YOU CALL YOUR CIGNA CLAIM OFFICE.  
YOUR MEMBER ID IS THE ID SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.  
YOUR ACCOUNT/GROUP NUMBER IS SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.
- BE SURE TO FOLLOW THE INSTRUCTIONS LISTED ON THE BACK OF THE CLAIM FORM CAREFULLY WHEN SUBMITTING A CLAIM TO CIGNA.

### **Timely Filing of Out-of-Network Claims**

Cigna will consider claims for coverage under our plans when proof of loss (a claim) is submitted within 180 days for Out-of-Network benefits after services are rendered. If services are rendered on consecutive days, such as for a Hospital Confinement, the limit will be counted from the last date of

service. If claims are not submitted within 180 days for Out-of-Network benefits, the claim will not be considered valid and will be denied.

**WARNING:** Any person who knowingly and with intent to defraud any insurance company or other person files an application for insurance or statement of claim containing any materially false information; or conceals for the purpose of misleading, information concerning any material fact thereto, commits a fraudulent insurance act.

## Important Information About Your Medical Plan

Details of your medical benefits are described on the following pages.

## **Opportunity to Select a Primary Care Physician**

### Choice of Primary Care Physician:

This medical plan does not require that you select a Primary Care Physician or obtain a referral from a Primary Care Physician in order to receive all benefits available to you under this medical plan. Notwithstanding, a Primary Care Physician may serve an important role in meeting your health care needs by providing or arranging for medical care for you and your Dependents. For this reason, we encourage the use of Primary Care Physicians and provide you with the opportunity to select a Primary Care Physician from a list provided by Cigna for yourself and your Dependents. If you choose to select a Primary Care Physician, the Primary Care Physician you select for yourself may be different from the Primary Care Physician you select for each of your Dependents.

### Changing Primary Care Physicians:

You may request a transfer from one Primary Care Physician to another by contacting us at the member services number on your ID card. Any such transfer will be effective on the first day of the month following the month in which the processing of the change request is completed.

In addition, if at any time a Primary Care Physician ceases to be a Participating Provider, you or your Dependent will be notified for the purpose of selecting a new Primary Care Physician.

## Open Access Plus Medical Benefits

### The Schedule

#### For You and Your Dependents

Open Access Plus Medical Benefits provide coverage for care In-Network and Out-of-Network. To receive Open Access Plus Medical Benefits, you and your Dependents may be required to pay a portion of the Covered Expenses for services and supplies. That portion is the Copayment, Deductible or Coinsurance.

When you receive services from an In-Network Provider, remind your provider to utilize In-Network Providers for x-rays, lab tests and other services to ensure the cost may be considered at the In-Network level.

If you are unable to locate an In-Network Provider in your area who can provide you with a service or supply that is covered under this plan, you must call the number on the back of your I.D. card to obtain authorization for Out-of-Network Provider coverage. If you obtain authorization for services provided by an Out-of-Network Provider, benefits for those services will be covered at the In-Network benefit level.

#### Coinsurance

The term Coinsurance means the percentage of Covered Expenses that an insured person is required to pay under the plan in addition to the Deductible, if any.

#### Copayments/Deductibles

Copayments are amounts to be paid by you or your Dependent for covered services. Deductibles are Covered Expenses to be paid by you or your Dependent before benefits are payable under this plan. Deductible amounts are separate from and not reduced by Copayments. Copayments and Deductibles are in addition to any Coinsurance. Once the Deductible maximum in The Schedule has been reached, you and your family need not satisfy any further medical deductible for the rest of that year.

#### Out-of-Pocket Expenses - For In-Network Charges Only

Out-of-Pocket Expenses are Covered Expenses incurred for charges that are not paid by the benefit plan because of any Deductibles, Copayments or Coinsurance. Such Covered Expenses accumulate to the Out-of-Pocket Maximum shown in The Schedule. When the Out-of-Pocket Maximum is reached, all Covered Expenses, except charges for non-compliance penalties, are payable by the benefit plan at 100%.

#### Out-of-Pocket Expenses - For Out-of-Network Charges Only

Out-of-Pocket Expenses are Covered Expenses incurred for charges that are not paid by the benefit plan. The following Expenses contribute to the Out-of-Pocket Maximum, and when the Out-of-Pocket Maximum shown in The Schedule is reached, they are payable by the benefit plan at 100%:

- Coinsurance.
- Plan Deductible.
- Any copayments and/or benefit deductibles.

Once the Out-of-Pocket Maximum is reached for covered services that apply to the Out-of-Pocket Maximum, any copayments and/or benefit deductibles are no longer required.

The following Out-of-Pocket Expenses and charges do not contribute to the Out-of-Pocket Maximum, and they are not payable by the benefit plan at 100% when the Out-of-Pocket Maximum shown in The Schedule is reached:

- Non-compliance penalties.
- Provider charges in excess of the Maximum Reimbursable Charge.

## Open Access Plus Medical Benefits

### The Schedule

#### **Accumulation of Plan Deductibles and Out-of-Pocket Maximums**

Deductibles and Out-of-Pocket Maximums do not cross-accumulate (that is, In-Network will accumulate to In-Network and Out-of-Network will accumulate to Out-of-Network). All other plan maximums and service-specific maximums (dollar and occurrence) cross-accumulate between In- and Out-of-Network unless otherwise noted.

#### **Accumulation of Pharmacy Benefits**

If your plan provides Pharmacy benefits separately, any In-Network medical Out-of-Pocket Maximums will cross-accumulate with any In-Network Pharmacy Out-of-Pocket Maximums.

#### **Multiple Surgical Reduction**

Multiple surgeries performed during one operating session result in payment reduction of 50% to the surgery of lesser charge. The most expensive procedure is paid as any other surgery.

#### **Assistant Surgeon and Co-Surgeon Charges**

##### **Assistant Surgeon**

The maximum amount payable will be limited to charges made by an assistant surgeon that do not exceed a percentage of the surgeon's allowable charge as specified in Cigna Reimbursement Policies. (For purposes of this limitation, allowable charge means the amount payable to the surgeon prior to any reductions due to coinsurance or deductible amounts.)

##### **Co-Surgeon**

The maximum amount payable for charges made by co-surgeons will be limited to the amount specified in Cigna Reimbursement Policies.

#### **Out-of-Network Charges for Certain Services**

Charges for services furnished by an Out-of-Network provider in an In-Network facility while you are receiving In-Network services at that In-Network facility: (i) are payable at the In-Network cost-sharing level; and (ii) the allowable amount used to determine the Plan's benefit payment is the amount agreed to by the Out-of-Network provider and Cigna, or as required by applicable state or Federal law.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

#### **Out-of-Network Emergency Services Charges**

1. Emergency Services are covered at the In-Network cost-sharing level if services are received from a non-Participating (Out-of-Network) provider.
2. The allowable amount used to determine the Plan's benefit payment for covered Emergency Services rendered in an Out-of-Network Hospital, or by an Out-of-Network provider in an In-Network Hospital, is the amount agreed to by the Out-of-Network provider and Cigna, or as required by applicable state or Federal law.
3. The allowable amount used to determine the Plan's benefit payment when Out-of-Network Emergency Services result in an inpatient admission is the median amount negotiated with In-Network facilities.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

<b>Lifetime Maximum</b>	Unlimited		
<b>The Percentage of Covered Expenses the Plan Pays</b>	80%	50% of the Maximum Reimbursable Charge	
<b>Maximum Reimbursable Charge</b> The Maximum Reimbursable Charge for Out-of-Network services other than those described in the Schedule sections Out-of-Network Charges for Certain Services and Out-of-Network Emergency Services Charges is determined based on the lesser of the provider's normal charge for a similar service or supply; or the amount agreed to by the Out-of-Network provider and Cigna, or a policyholder-selected percentage of a fee schedule Cigna has developed that is based upon a methodology similar to a methodology utilized by Medicare to determine the allowable reimbursement for the same or similar services within the geographic market. In some cases, a Medicare based schedule will not be used and the Maximum Reimbursable Charge for covered services is determined based on the lesser of: <ul style="list-style-type: none"> <li>the provider's normal charge for a similar service or supply; or</li> <li>the 80th percentile of charges made by providers of such service or supply in the geographic area where it is received as compiled in a database selected by Cigna.</li> </ul> <b>Note:</b> Some providers forgive or waive the cost share obligation (e.g. your deductible and/or coinsurance) that this plan requires you to pay. Waiver of your required cost share obligation can jeopardize your coverage under this plan. For more details, see the Exclusions Section.	Not Applicable	110%

## Open Access Plus Medical Benefits

### Certification Requirements - Out-of-Network

#### For You and Your Dependents

##### Pre-Admission Certification/Continued Stay Review for Hospital Confinement

Pre-Admission Certification (PAC) and Continued Stay Review (CSR) refer to the process used to certify the Medical Necessity and length of a Hospital Confinement when you or your Dependent require treatment in a Hospital:

- as a registered bed patient, except for 48/96 hour maternity stays;
- for Mental Health or Substance Use Disorder Residential Treatment Services.

You or your Dependent should request PAC prior to any non-emergency treatment in a Hospital described above. In the case of an emergency admission, you should contact the Review Organization within 48 hours after the admission. For an admission due to pregnancy, you should call the Review Organization by the end of the third month of pregnancy. CSR should be requested, prior to the end of the certified length of stay, for continued Hospital Confinement.

Covered Expenses incurred will not include the first \$750 of Hospital charges made for each separate admission to the Hospital unless PAC is received: prior to the date of admission; or in the case of an emergency admission, within 48 hours after the date of admission.

Covered Expenses incurred for which benefits would otherwise be payable under this plan for the charges listed below will not include:

- Hospital charges for Bed and Board, for treatment listed above for which PAC was performed, which are made for any day in excess of the number of days certified through PAC or CSR; and
- any Hospital charges for treatment listed above for which PAC was requested, but which was not certified as Medically Necessary.

PAC and CSR are performed through a utilization review program by a Review Organization with which Cigna has contracted.

In any case, those expenses incurred for which payment is excluded by the terms set forth above will not be considered as expenses incurred for the purpose of any other part of this plan, except for the "Coordination of Benefits" section.

##### Outpatient Certification Requirements – Out-of-Network

Outpatient Certification refers to the process used to certify the Medical Necessity of outpatient diagnostic testing and

outpatient procedures, including, but not limited to, those listed in this section when performed as an outpatient in a Free-Standing Surgical Facility, Other Health Care Facility or a Physician's office. You or your Dependent should call the toll-free number on the back of your I.D. card to determine if Outpatient Certification is required prior to any outpatient diagnostic testing or outpatient procedures. Outpatient Certification is performed through a utilization review program by a Review Organization with which Cigna has contracted. Outpatient Certification should only be requested for non-emergency procedures or services, and should be requested by you or your Dependent at least four working days (Monday through Friday) prior to having the procedure performed or the service rendered.

Covered Expenses incurred will not include the first \$750 for charges made for any outpatient diagnostic testing or outpatient procedure performed unless Outpatient Certification is received prior to the date the testing or procedure is performed.

Covered Expenses incurred will not include expenses incurred for charges made for outpatient diagnostic testing or outpatient procedures for which Outpatient Certification was performed, but, which was not certified as Medically Necessary.

In any case, those expenses incurred for which payment is excluded by the terms set forth above will not be considered as expenses incurred for the purpose of any other part of this plan, except for the "Coordination of Benefits" section.

The term recipient is defined to include a person receiving prior authorized gene therapy related services during any of the following: evaluation, candidacy, event, or post care.

Travel expenses for the person receiving the gene therapy include charges for: transportation to and from the gene therapy site (including charges for a rental car used during a period of care at the facility); and lodging while at, or traveling to and from, the site.

In addition to your coverage for the charges associated with the items above, such charges will also be considered covered travel expenses for one companion to accompany you. The term companion includes your spouse, a member of your family, your legal guardian, or any person not related to you,

but actively involved as your caregiver who is at least 18 years of age.

The following are specifically excluded travel expenses: any expenses that if reimbursed would be taxable income, travel costs incurred due to travel within 60 miles of your home; food and meals; laundry bills; telephone bills; alcohol or tobacco products; and charges for transportation that exceed coach class rates.

In addition to qualifying as an individual, the clinical trial must also meet certain criteria in order for patient care costs and services to be covered.

The clinical trial must be a phase I, phase II, phase III, or phase IV clinical trial conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition that meets **any** of the following criteria:

- the study or investigation is conducted under an investigational new drug application reviewed by the U.S. Food and Drug Administration (FDA).
- the study or investigation is a drug trial that is exempt from having such an investigational new drug application.

The plan does not cover any of the following services associated with a clinical trial:

## **Exclusions, Expenses Not Covered and General Limitations**

### **Exclusions and Expenses Not Covered**

**Additional coverage limitations determined by plan or provider type are shown in The Schedule. Payment for the following is specifically excluded from this plan:**

- care for health conditions that are required by state or local law to be treated in a public facility.
- care required by state or federal law to be supplied by a public school system or school district.
- care for military service disabilities treatable through governmental services if you are legally entitled to such treatment and facilities are reasonably available.
- treatment of an Injury or Sickness which is due to war, declared, or undeclared.
- charges which you are not obligated to pay or for which you are not billed or for which you would not have been billed except that they were covered under this plan. For example, if Cigna determines that a provider or Pharmacy is or has waived, reduced, or forgiven any portion of its charges and/or any portion of Copayment, Deductible, and/or Coinsurance amount(s) you are required to pay for a Covered Expense (as shown on The Schedule) without Cigna's express consent, then Cigna in its sole discretion shall have the right to deny the payment of benefits in connection with the Covered Expense, or reduce the benefits in proportion to the amount of the Copayment, Deductible, and/or Coinsurance amounts waived, forgiven or reduced, regardless of whether the provider or Pharmacy represents that you remain responsible for any amounts that your plan does not cover. In the exercise of that discretion, Cigna shall have the right to require you to provide proof sufficient to Cigna that you have made your required cost share payment(s) prior to the payment of any benefits by Cigna. This exclusion includes, but is not limited to, charges

of a non-Participating Provider who has agreed to charge you or charged you at an In-Network benefits level or some other benefits level not otherwise applicable to the services received.

- charges arising out of or relating to any violation of a healthcare-related state or federal law or which themselves are a violation of a healthcare-related state or federal law.
- assistance in the activities of daily living, including but not limited to eating, bathing, dressing or other Custodial Services or self-care activities, homemaker services and services primarily for rest, domiciliary or convalescent care.
- for or in connection with experimental, investigational or unproven services.

Experimental, investigational and unproven services are medical, surgical, diagnostic, psychiatric, substance use disorder or other health care technologies, supplies, treatments, procedures, drug or Biologic therapies or devices that are determined by the utilization review Physician to be:

- not approved by the U.S. Food and Drug Administration (FDA) or other appropriate regulatory agency to be lawfully marketed;
- not demonstrated, through existing peer-reviewed, evidence-based, scientific literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed;
- the subject of review or approval by an Institutional Review Board for the proposed use except as provided in the “Clinical Trials” sections of this plan; or
- the subject of an ongoing phase I, II or III clinical trial, except for routine patient care costs related to qualified clinical trials as provided in the “Clinical Trials” sections of this plan.

In determining whether any such technologies, supplies, treatments, drug or Biologic therapies, or devices are experimental, investigational, and/or unproven, the utilization review Physician may rely on the clinical coverage policies maintained by Cigna or the Review Organization. Clinical coverage policies may incorporate, without limitation and as applicable, criteria relating to U.S. Food and Drug Administration-approved labeling, the standard medical reference compendia and peer-reviewed, evidence-based scientific literature or guidelines.

- cosmetic surgery and therapies. Cosmetic surgery or therapy is defined as surgery or therapy performed to improve or alter appearance or self-esteem.
- the following services are excluded from coverage regardless of clinical indications: abdominoplasty; panniculectomy; rhinoplasty; Redundant skin surgery; acupuncture; craniosacral/cranial therapy; dance therapy;

movement therapy; applied kinesiology; rolfing; prolotherapy; and extracorporeal shock wave lithotripsy (ESWL) for musculoskeletal and orthopedic conditions.

- for medical and surgical services intended primarily for the treatment or control of obesity. However, treatment of clinically severe obesity, as defined by the Body Mass Index (BMI) classifications of the National Heart, Lung, and Blood Institute (NHLBI) guideline is covered only at approved centers if the services are demonstrated, through existing peer-reviewed, evidence-based, scientific literature and scientifically based guidelines, to be safe and effective for treatment of the condition. Clinically severe obesity is defined by the NHLBI as a BMI of 40 or greater without comorbidities, or 35-39 with comorbidities. The following are specifically excluded:
  - medical and surgical services to alter appearances or physical changes that are the result of any surgery performed for the management of obesity or clinically severe (morbid) obesity; and
  - weight loss programs or treatments, whether prescribed or recommended by a Physician or under medical supervision.
- unless otherwise covered in this plan, for reports, evaluations, physical examinations, or hospitalization not required for health reasons, including but not limited to employment, insurance or government licenses, and court-ordered, forensic or custodial evaluations.
- court-ordered treatment or hospitalization, unless such treatment is prescribed by a Physician and listed as covered in this plan.
- infertility services including infertility drugs, surgical or medical treatment programs for infertility, including in vitro fertilization, gamete intrafallopian transfer (GIFT), zygote intrafallopian transfer (ZIFT), variations of these procedures, and any costs associated with the collection, washing, preparation or storage of sperm for artificial insemination (including donor fees). Cryopreservation of donor sperm and eggs is also excluded from coverage.

not limited to, treatment of erectile dysfunction (including penile implants), anorgasm, and premature ejaculation.

- consumable medical supplies other than ostomy supplies and urinary catheters. Excluded supplies include, but are not limited to bandages and other disposable medical supplies, skin preparations and test strips, except as specified in the “Home Health Care Services” or “Breast Reconstruction and Breast Prostheses” sections of this plan.
- private Hospital rooms and/or private duty nursing except as provided under the Home Health Care Services provision.
- personal or comfort items such as personal care kits provided on admission to a Hospital, television, telephone, newborn infant photographs, complimentary meals, birth announcements, and other articles which are not for the specific treatment of an Injury or Sickness.
- artificial aids, including but not limited to corrective orthopedic shoes, arch supports, elastic stockings, garter belts, corsets, dentures and wigs.

- eyeglass lenses and frames and contact lenses (except for the first pair of contact lenses or the first set of eyeglass lenses and frames, and associated services, for treatment of keratoconus or following cataract surgery).
- routine refractions, eye exercises and surgical treatment for the correction of a refractive error, including radial keratotomy.

Physician supervision and are typically considered self-administered drugs, non-prescription drugs, and investigational and experimental drugs, except as provided in this plan.

- genetic screening or pre-implantations genetic screening. General population-based genetic screening is a testing method performed in the absence of any symptoms or any significant, proven risk factors for genetically linked inheritable disease.
- dental implants for any condition.
- fees associated with the collection or donation of blood or blood products, except for autologous donation in anticipation of scheduled services where in the utilization review Physician’s opinion the likelihood of excess blood loss is such that transfusion is an expected adjunct to surgery.
- blood administration for the purpose of general improvement in physical condition.
- cost of biologicals that are immunizations or medications for the purpose of travel, or to protect against occupational hazards and risks.
- cosmetics, dietary supplements and health and beauty aids.
- enteral feedings, supplies and specially formulated medical foods that are prescribed and non-prescribed, except for infant formula needed for the treatment of inborn errors of metabolism.
- for or in connection with an Injury or Sickness arising out of, or in the course of, any employment for wage or profit.
- massage therapy.
- expenses incurred by a participant to the extent reimbursable under automobile insurance coverage. Coverage under this plan is secondary to automobile no-fault insurance or similar coverage. The coverage provided under this plan does not constitute “Qualified Health Coverage” under Michigan law and therefore does not replace Personal Injury Protection (PIP) coverage provided under an automobile insurance policy issued to a Michigan resident. This plan will cover expenses only not otherwise covered by the PIP coverage.

## **General Limitations**

No payment will be made for expenses incurred for you or any one of your Dependents:

- for charges by a Hospital owned or operated by or which provides care or performs services for, the United States Government, if such charges are directly related to a military-service-connected Injury or Sickness.
- to the extent that you or any one of your Dependents is in any way paid or entitled to payment for those expenses by or through a public program, other than Medicaid.
- to the extent that payment is unlawful where the person resides when the expenses are incurred.
- for charges which would not have been made if the person had no insurance.
- to the extent that they are more than Maximum Reimbursable Charges.
- to the extent of the exclusions imposed by any certification requirement shown in this plan.
- expenses for supplies, care, treatment, or surgery that are not Medically Necessary.
- charges by any covered provider who is a member of your family or your Dependent's family.

HC-EXC466 M

## **Coordination of Benefits**

This section applies if you or any one of your Dependents is covered under more than one Plan and determines how benefits payable from all such Plans will be coordinated. You should file all claims with each Plan.

### **Definitions**

For the purposes of this section, the following terms have the meanings set forth below:

#### **Plan**

Any of the following that provides benefits or services for medical care or treatment:

- Group insurance and/or group-type coverage, whether insured or self-insured which neither can be purchased by the general public, nor is individually underwritten, including closed panel coverage.
- Coverage under Medicare and other governmental benefits as permitted by law, excepting Medicaid and Medicare supplement policies.

- Medical benefits coverage of group, group-type, and individual automobile contracts.

Each Plan or part of a Plan which has the right to coordinate benefits will be considered a separate Plan.

#### **Closed Panel Plan**

A Plan that provides medical or dental benefits primarily in the form of services through a panel of employed or contracted providers, and that limits or excludes benefits provided by providers outside of the panel, except in the case of emergency or if referred by a provider within the panel.

#### **Primary Plan**

The Plan that determines and provides or pays benefits without taking into consideration the existence of any other Plan.

#### **Secondary Plan**

A Plan that determines, and may reduce its benefits after taking into consideration, the benefits provided or paid by the Primary Plan. A Secondary Plan may also recover from the Primary Plan the Reasonable Cash Value of any services it provided to you.

#### **Allowable Expense**

The amount of charges considered for payment under the Plan for a Covered Service prior to any reductions due to coinsurance, copayment or deductible amounts. If Cigna contracts with an entity to arrange for the provision of Covered Services through that entity's contracted network of health care providers, the amount that Cigna has agreed to pay that entity is the allowable amount used to determine your coinsurance or deductible payments. If the Plan provides benefits in the form of services, the Reasonable Cash Value of each service is the Allowable Expense and is a paid benefit.

Examples of expenses or services that are not Allowable Expenses include, but are not limited to the following:

- An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an Allowable Expense.
- If you are confined to a private Hospital room and no Plan provides coverage for more than a semiprivate room, the difference in cost between a private and semiprivate room is not an Allowable Expense.
- If you are covered by two or more Plans that provide services or supplies on the basis of reasonable and customary fees, any amount in excess of the highest reasonable and customary fee is not an Allowable Expense.
- If you are covered by one Plan that provides services or supplies on the basis of reasonable and customary fees and one Plan that provides services and supplies on the basis of negotiated fees, the Primary Plan's fee arrangement shall be the Allowable Expense.

- If your benefits are reduced under the Primary Plan (through the imposition of a higher copayment amount, higher coinsurance percentage, a deductible and/or a penalty) because you did not comply with Plan provisions or because you did not use a preferred provider, the amount of the reduction is not an Allowable Expense. Such Plan provisions include second surgical opinions and precertification of admissions or services.

#### **Reasonable Cash Value**

An amount which a duly licensed provider of health care services usually charges patients and which is within the range of fees usually charged for the same service by other health care providers located within the immediate geographic area where the health care service is rendered under similar or comparable circumstances.

#### **Order of Benefit Determination Rules**

A Plan that does not have a coordination of benefits rule consistent with this section shall always be the Primary Plan. If the Plan does have a coordination of benefits rule consistent with this section, the first of the following rules that applies to the situation is the one to use:

- The Plan that covers you as an enrollee or an Employee shall be the Primary Plan and the Plan that covers you as a Dependent shall be the Secondary Plan;
- If you are a Dependent child whose parents are not divorced or legally separated, the Primary Plan shall be the Plan which covers the parent whose birthday falls first in the calendar year as an enrollee or Employee;
- If you are the Dependent of divorced or separated parents, benefits for the Dependent shall be determined in the following order:
  - first, if a court decree states that one parent is responsible for the child's healthcare expenses or health coverage and the Plan for that parent has actual knowledge of the terms of the order, but only from the time of actual knowledge;
  - then, the Plan of the parent with custody of the child;
  - then, the Plan of the spouse of the parent with custody of the child;
  - then, the Plan of the parent not having custody of the child; and
  - finally, the Plan of the spouse of the parent not having custody of the child.
- The Plan that covers you as an active Employee (or as that Employee's Dependent) shall be the Primary Plan and the Plan that covers you as laid-off or retired Employee (or as that Employee's Dependent) shall be the Secondary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.

- The Plan that covers you under a right of continuation which is provided by federal or state law shall be the Secondary Plan and the Plan that covers you as an active Employee or retiree (or as that Employee's Dependent) shall be the Primary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- If one of the Plans that covers you is issued out of the state whose laws govern this Policy, and determines the order of benefits based upon the gender of a parent, and as a result, the Plans do not agree on the order of benefit determination, the Plan with the gender rules shall determine the order of benefits.

If none of the above rules determines the order of benefits, the Plan that has covered you for the longer period of time shall be primary.

When coordinating benefits with Medicare, this Plan will be the Secondary Plan and determine benefits after Medicare, where permitted by the Social Security Act of 1965, as amended. However, when more than one Plan is secondary to Medicare, the benefit determination rules identified above, will be used to determine how benefits will be coordinated.

#### **Effect on the Benefits of This Plan**

If this Plan is the Secondary Plan, this Plan may reduce benefits so that the total benefits paid by all Plans are not more than 100% of the total of all Allowable Expenses.

#### **Recovery of Excess Benefits**

If Cigna pays charges for benefits that should have been paid by the Primary Plan, or if Cigna pays charges in excess of those for which we are obligated to provide under the Policy, Cigna will have the right to recover the actual payment made or the Reasonable Cash Value of any services.

Cigna will have sole discretion to seek such recovery from any person to, or for whom, or with respect to whom, such services were provided or such payments made by any insurance company, healthcare Plan or other organization. If we request, you must execute and deliver to us such instruments and documents as we determine are necessary to secure the right of recovery.

#### **Right to Receive and Release Information**

Cigna, without consent or notice to you, may obtain information from and release information to any other Plan with respect to you in order to coordinate your benefits pursuant to this section. You must provide us with any information we request in order to coordinate your benefits pursuant to this section. This request may occur in connection with a submitted claim; if so, you will be advised that the "other coverage" information, (including an Explanation of Benefits paid under the Primary Plan) is required before the

claim will be processed for payment. If no response is received within 55 days of the request, the claim will be closed. If the requested information is subsequently received, the claim will be processed.

### **Coordination of Benefits with Medicare**

If you, your spouse, or your Dependent are covered under this Plan and qualify for Medicare, federal law determines which Plan is the primary payer and which is the secondary payer. The primary payer always determines covered benefits first, without considering what any other coverage will pay. The secondary payer determines its coverage only after the Primary Plan has completed its determination.

#### **When Medicare is the Primary Payer**

Medicare will be the primary payer and this Plan will be the secondary payer, even if you don't elect to enroll in Medicare or you receive services from a provider who does not accept Medicare payments, in the following situations:

- **COBRA or State Continuation**: You, your spouse, or your covered Dependent qualify for Medicare for any reason and are covered under this Plan due to COBRA or state continuation of coverage.
- **Retirement or Termination of Employment**: You, your spouse, or your covered Dependent qualify for Medicare for any reason and are covered under this Plan due to your retirement or termination of employment.
- **Disability**: You, your spouse, or your covered Dependent qualify for Medicare due to a disability, you are an active Employee, and your Employer has fewer than 100 employees.
- **Age**: You, your spouse, or your covered Dependent qualify for Medicare due to age, you are an active Employee, and your Employer has fewer than 20 employees.
- **End Stage Renal Disease (ESRD)**: You, your spouse, or your covered Dependent qualify for Medicare due to End Stage Renal Disease (ESRD) and you are an active or retired Employee. This Plan will be the primary payer for the first 30 months. Beginning with the 31<sup>st</sup> month, Medicare will be the primary payer.

#### **When This Plan is the Primary Payer**

This Plan will be the primary payer and Medicare will be the secondary payer in the following situations:

- **Disability**: You, your spouse, or your covered Dependent qualify for Medicare due to a disability, you are an active Employee, and your Employer has 100 or more employees.
- **Age**: You, your spouse, or your covered Dependent qualify for Medicare due to age, you are an active Employee, and your Employer has 20 or more employees.
- **End Stage Renal Disease (ESRD)**: You, your spouse, or your covered Dependent qualify for Medicare due to End

Stage Renal Disease (ESRD) and you are an active or retired Employee. This Plan is the primary payer for the first 30 months. Beginning with the 31<sup>st</sup> month, Medicare will be the primary payer.

### **Domestic Partners**

Under federal law, when Medicare coverage is due to age, Medicare is always the primary payer and this Plan is the secondary payer for a person covered under this Plan as a Domestic Partner. However, when Medicare coverage is due to disability, the Disability payer explanations above will apply.

**IMPORTANT: If you, your spouse, or your Dependent do not elect to enroll in Medicare Parts A and/or B when first eligible, or you receive services from a provider who does not accept Medicare payments, this Plan will calculate payment based on what should have been paid by Medicare as the primary payer if the person had been enrolled or had received services from a provider who accepts Medicare payments. A person is considered eligible for Medicare on the earliest date any coverage under Medicare could become effective.**

#### **Failure to Enroll in Medicare**

If you, your spouse, or your Dependent do not enroll in Medicare Parts A and/or B during the person's initial Medicare enrollment period, or the person opts out of coverage, the person may be subject to Medicare late enrollment penalties, which can cause a delay in coverage and result in higher Medicare premiums when the person does enroll. It can also result in a reduction in coverage under Medicare Parts A and B. If you are planning to retire or terminate employment and you will be eligible for COBRA, state Continuation, or retiree coverage under this Plan, you should enroll in Medicare before you terminate employment to avoid penalties and to receive the maximum coverage under Medicare. Please consult Medicare or the Social Security Administration for more information.

#### **Assistance with Medicare Questions**

## Expenses For Which A Third Party May Be Responsible

This plan does not cover:

- Expenses incurred by you or your Dependent (hereinafter individually and collectively referred to as a "Participant,") for which another party may be responsible as a result of having caused or contributed to an Injury or Sickness.
- Expenses incurred by a Participant to the extent any payment is received for them either directly or indirectly from a third party tortfeasor or as a result of a settlement, judgment or arbitration award in connection with any automobile medical, automobile no-fault, uninsured or underinsured motorist, homeowners, workers' compensation, government insurance (other than Medicaid), or similar type of insurance or coverage. The coverage under this plan is secondary to any automobile no-fault insurance or similar coverage.

### Subrogation/Right of Reimbursement

If a Participant incurs a Covered Expense for which, in the opinion of the plan or its claim administrator, another party may be responsible or for which the Participant may receive payment as described above:

- Subrogation: The plan shall, to the extent permitted by law, be subrogated to all rights, claims or interests that a Participant may have against such party and shall automatically have a lien upon the proceeds of any recovery by a Participant from such party to the extent of any benefits paid under the plan. A Participant or his/her representative shall execute such documents as may be required to secure the plan's subrogation rights.
- Right of Reimbursement: The plan is also granted a right of reimbursement from the proceeds of any recovery whether by settlement, judgment, or otherwise. This right of reimbursement is cumulative with and not exclusive of the subrogation right granted in paragraph 1, but only to the extent of the benefits provided by the plan.

### Lien of the Plan

By accepting benefits under this plan, a Participant:

- grants a lien and assigns to the plan an amount equal to the benefits paid under the plan against any recovery made by or on behalf of the Participant which is binding on any attorney or other party who represents the Participant whether or not an agent of the Participant or of any insurance company or other financially responsible party against whom a Participant may have a claim provided said attorney, insurance carrier or other party has been notified by the plan or its agents;

- agrees that this lien shall constitute a charge against the proceeds of any recovery and the plan shall be entitled to assert a security interest thereon;
- agrees to hold the proceeds of any recovery in trust for the benefit of the plan to the extent of any payment made by the plan.

### Additional Terms

- No adult Participant hereunder may assign any rights that it may have to recover medical expenses from any third party or other person or entity to any minor Dependent of said adult Participant without the prior express written consent of the plan. The plan's right to recover shall apply to decedents', minors', and incompetent or disabled persons' settlements or recoveries.
- No Participant shall make any settlement, which specifically reduces or excludes, or attempts to reduce or exclude, the benefits provided by the plan.
- The plan's right of recovery shall be a prior lien against any proceeds recovered by the Participant. This right of recovery shall not be defeated nor reduced by the application of any so-called "Made-Whole Doctrine", "Rimes Doctrine", or any other such doctrine purporting to defeat the plan's recovery rights by allocating the proceeds exclusively to non-medical expense damages.
- No Participant hereunder shall incur any expenses on behalf of the plan in pursuit of the plan's rights hereunder, specifically; no court costs, attorneys' fees or other representatives' fees may be deducted from the plan's recovery without the prior express written consent of the plan. This right shall not be defeated by any so-called "Fund Doctrine", "Common Fund Doctrine", or "Attorney's Fund Doctrine".
- The plan shall recover the full amount of benefits provided hereunder without regard to any claim of fault on the part of any Participant, whether under comparative negligence or otherwise.
- The plan hereby disavows all equitable defenses in pursuit of its right of recovery. The plan's subrogation or recovery rights are neither affected nor diminished by equitable defenses.
- In the event that a Participant shall fail or refuse to honor its obligations hereunder, then the plan shall be entitled to recover any costs incurred in enforcing the terms hereof including, but not limited to, attorney's fees, litigation, court costs, and other expenses. The plan shall also be entitled to offset the reimbursement obligation against any entitlement to future medical benefits hereunder until the Participant has fully complied with his reimbursement obligations hereunder, regardless of how those future medical benefits are incurred.

- Any reference to state law in any other provision of this plan shall not be applicable to this provision, if the plan is governed by ERISA. By acceptance of benefits under the plan, the Participant agrees that a breach hereof would cause irreparable and substantial harm and that no adequate remedy at law would exist. Further, the Plan shall be entitled to invoke such equitable remedies as may be necessary to enforce the terms of the plan, including, but not limited to, specific performance, restitution, the imposition of an equitable lien and/or constructive trust, as well as injunctive relief.
- Participants must assist the plan in pursuing any subrogation or recovery rights by providing requested information.

## Payment of Benefits

### Assignment and Payment of Benefits

You may not assign to any party, including, but not limited to, a provider of healthcare services/items, your right to benefits under this plan, nor may you assign any administrative, statutory, or legal rights or causes of action you may have under ERISA, including, but not limited to, any right to make a claim for plan benefits, to request plan or other documents, to file appeals of denied claims or grievances, or to file lawsuits under ERISA. Any attempt to assign such rights shall be void and unenforceable under all circumstances.

You may, however, authorize Cigna to pay any healthcare benefits under this policy to a Participating or Non-Participating Provider. When you authorize the payment of your healthcare benefits to a Participating or Non-Participating Provider, you authorize the payment of the entire amount of the benefits due on that claim. If a provider is overpaid because of accepting duplicate payments from you and Cigna, it is the provider's responsibility to reimburse the overpayment to you. Cigna may pay all healthcare benefits for Covered Expenses directly to a Participating Provider without your authorization. You may not interpret or rely upon this discrete authorization or permission to pay any healthcare benefits to a Participating or Non-Participating Provider as the authority to assign any other rights under this policy to any party, including, but not limited to, a provider of healthcare services/items.

Even if the payment of healthcare benefits to a Non-Participating Provider has been authorized by you, Cigna may, at its option, make payment of benefits to you. When benefits are paid to you or your Dependent, you or your Dependents are responsible for reimbursing the Non-Participating Provider.

If any person to whom benefits are payable is a minor or, in the opinion of Cigna is not able to give a valid receipt for any payment due him, such payment will be made to his legal guardian. If no request for payment has been made by his legal guardian, Cigna may, at its option, make payment to the person or institution appearing to have assumed his custody and support.

When one of our participants passes away, Cigna may receive notice that an executor of the estate has been established. The executor has the same rights as our insured and benefit payments for unassigned claims should be made payable to the executor.

Payment as described above will release Cigna from all liability to the extent of any payment made.

### Recovery of Overpayment

When an overpayment has been made by Cigna, Cigna will have the right at any time to: recover that overpayment from the person to whom or on whose behalf it was made; or offset the amount of that overpayment from a future claim payment. In addition, your acceptance of benefits under this plan and/or assignment of Medical Benefits separately creates an equitable lien by agreement pursuant to which Cigna may seek recovery of any overpayment. You agree that Cigna, in seeking recovery of any overpayment as a contractual right or as an equitable lien by agreement, may pursue the general assets of the person or entity to whom or on whose behalf the overpayment was made.

### Calculation of Covered Expenses

Cigna, in its discretion, will calculate Covered Expenses following evaluation and validation of all provider billings in accordance with:

- the methodologies in the most recent edition of the Current Procedural terminology.
- the methodologies as reported by generally recognized professionals or publications.

### **Rescissions**

Your coverage may not be rescinded (retroactively terminated) by Cigna or the plan sponsor unless the plan sponsor or an individual (or a person seeking coverage on behalf of the individual) performs an act, practice or omission that constitutes fraud; or the plan sponsor or individual (or a person seeking coverage on behalf of the individual) makes an intentional misrepresentation of material fact.

## **Qualified Medical Child Support Order (QMCSO)**

### **Eligibility for Coverage Under a QMCSO**

If a Qualified Medical Child Support Order (QMCSO) is issued for your child, that child will be eligible for coverage as required by the order and you will not be considered a Late Entrant for Dependent Insurance.

You must notify your Employer and elect coverage for that child, and yourself if you are not already enrolled, within 31 days of the QMCSO being issued.

### **Qualified Medical Child Support Order Defined**

A Qualified Medical Child Support Order is a judgment, decree or order (including approval of a settlement agreement) or administrative notice, which is issued pursuant to a state domestic relations law (including a community property law), or to an administrative process, which provides for child support or provides for health benefit coverage to such child and relates to benefits under the group health plan, and satisfies all of the following:

- the order recognizes or creates a child's right to receive group health benefits for which a participant or beneficiary is eligible;
- the order specifies your name and last known address, and the child's name and last known address, except that the

name and address of an official of a state or political subdivision may be substituted for the child's mailing address;

- the order provides a description of the coverage to be provided, or the manner in which the type of coverage is to be determined;
- the order states the period to which it applies; and
- if the order is a National Medical Support Notice completed in accordance with the Child Support Performance and Incentive Act of 1998, such Notice meets the requirements above.

The QMCSO may not require the health insurance policy to provide coverage for any type or form of benefit or option not otherwise provided under the policy, except that an order may require a plan to comply with State laws regarding health care coverage.

#### **Payment of Benefits**

Any payment of benefits in reimbursement for Covered Expenses paid by the child, or the child's custodial parent or legal guardian, shall be made to the child, the child's custodial parent or legal guardian, or a state official whose name and address have been substituted for the name and address of the child.

### **Special Enrollment Rights Under the Health Insurance Portability & Accountability Act (HIPAA)**

If you or your eligible Dependent(s) experience a special enrollment event as described below, you or your eligible Dependent(s) may be entitled to enroll in the Plan outside of a designated enrollment period upon the occurrence of one of the special enrollment events listed below. If you are already enrolled in the Plan, you may request enrollment for you and your eligible Dependent(s) under a different option offered by the Employer for which you are currently eligible. If you are not already enrolled in the Plan, you must request special enrollment for yourself in addition to your eligible Dependent(s). You and all of your eligible Dependent(s) must be covered under the same option. The special enrollment events include:

- **Acquiring a new Dependent.** If you acquire a new Dependent(s) through marriage, birth, adoption or placement for adoption, you may request special enrollment for any of the following combinations of individuals if not already enrolled in the Plan: Employee only; spouse only; Employee and spouse; Dependent child(ren) only;

Employee and Dependent child(ren); Employee, spouse and Dependent child(ren). Enrollment of Dependent children is limited to the newborn or adopted children or children who became Dependent children of the Employee due to marriage.

- **Loss of eligibility for State Medicaid or Children's Health Insurance Program (CHIP).** If you and/or your Dependent(s) were covered under a state Medicaid or CHIP plan and the coverage is terminated due to a loss of eligibility, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after termination of Medicaid or CHIP coverage.
- **Loss of eligibility for other coverage (excluding continuation coverage).** If coverage was declined under this Plan due to coverage under another plan, and eligibility for the other coverage is lost, you and all of your eligible Dependent(s) may request special enrollment in this Plan. If required by the Plan, when enrollment in this Plan was previously declined, it must have been declined in writing with a statement that the reason for declining enrollment was due to other health coverage. This provision applies to loss of eligibility as a result of any of the following:
  - divorce or legal separation;
  - cessation of Dependent status (such as reaching the limiting age);
  - death of the Employee;
  - termination of employment;
  - reduction in work hours to below the minimum required for eligibility;
  - you or your Dependent(s) no longer reside, live or work in the other plan's network service area and no other coverage is available under the other plan;
  - you or your Dependent(s) incur a claim which meets or exceeds the lifetime maximum limit that is applicable to all benefits offered under the other plan; or
  - the other plan no longer offers any benefits to a class of similarly situated individuals.
- **Termination of Employer contributions (excluding continuation coverage).** If a current or former Employer ceases all contributions toward the Employee's or Dependent's other coverage, special enrollment may be requested in this Plan for you and all of your eligible Dependent(s).
- **Exhaustion of COBRA or other continuation coverage.** Special enrollment may be requested in this Plan for you and all of your eligible Dependent(s) upon exhaustion of COBRA or other continuation coverage. If you or your Dependent(s) elect COBRA or other continuation coverage following loss of coverage under another plan, the COBRA

or other continuation coverage must be exhausted before any special enrollment rights exist under this Plan. An individual is considered to have exhausted COBRA or other continuation coverage only if such coverage ceases: due to failure of the Employer or other responsible entity to remit premiums on a timely basis; when the person no longer resides or works in the other plan's service area and there is no other COBRA or continuation coverage available under the plan; or when the individual incurs a claim that would meet or exceed a lifetime maximum limit on all benefits and there is no other COBRA or other continuation coverage available to the individual. This does not include termination of an Employer's limited period of contributions toward COBRA or other continuation coverage as provided under any severance or other agreement.

- **Eligibility for employment assistance under State Medicaid or Children's Health Insurance Program (CHIP).** If you and/or your Dependent(s) become eligible for assistance with group health plan premium payments under a state Medicaid or CHIP plan, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after the date you are determined to be eligible for assistance.

**Except as stated above, special enrollment must be requested within 30 days after the occurrence of the special enrollment event. If the special enrollment event is the birth or adoption of a Dependent child, coverage will be effective immediately on the date of birth, adoption or placement for adoption. Coverage with regard to any other special enrollment event will be effective no later than the first day of the first calendar month following receipt of the request for special enrollment.**

Domestic Partners and their children (if not legal children of the Employee) are not eligible for special enrollment.

## **Effect of Section 125 Tax Regulations on This Plan**

Your Employer has chosen to administer this Plan in accordance with Section 125 regulations of the Internal Revenue Code. Per this regulation, you may agree to a pretax salary reduction put toward the cost of your benefits. Otherwise, you will receive your taxable earnings as cash (salary).

### **A. Coverage elections**

Per Section 125 regulations, you are generally allowed to enroll for or change coverage only before each annual benefit period. However, exceptions are allowed:

- if you meet Special Enrollment criteria and enroll as described in the Special Enrollment section; or
- if your Employer agrees, and you meet the criteria shown in the following Sections B through H and enroll for or change coverage within the time period established by your Employer.

### **B. Change of status**

A change in status is defined as:

- change in legal marital status due to marriage, death of a spouse, divorce, annulment or legal separation;
- change in number of Dependents due to birth, adoption, placement for adoption, or death of a Dependent;
- change in employment status of Employee, spouse or Dependent due to termination or start of employment, strike, lockout, beginning or end of unpaid leave of absence, including under the Family and Medical Leave Act (FMLA), or change in worksite;
- changes in employment status of Employee, spouse or Dependent resulting in eligibility or ineligibility for coverage;
- change in residence of Employee, spouse or Dependent to a location outside of the Employer's network service area; and
- changes which cause a Dependent to become eligible or ineligible for coverage.

### **C. Court order**

A change in coverage due to and consistent with a court order of the Employee or other person to cover a Dependent.

### **D. Medicare or Medicaid eligibility/entitlement**

The Employee, spouse or Dependent cancels or reduces coverage due to entitlement to Medicare or Medicaid, or enrolls or increases coverage due to loss of Medicare or Medicaid eligibility.

### **E. Change in cost of coverage**

If the cost of benefits increases or decreases during a benefit period, your Employer may, in accordance with plan terms, automatically change your elective contribution.

When the change in cost is significant, you may either increase your contribution or elect less-costly coverage. When a significant overall reduction is made to the benefit option you have elected, you may elect another available benefit option. When a new benefit option is added, you may change your election to the new benefit option.

#### **F. Changes in coverage of spouse or Dependent under another employer's plan**

You may make a coverage election change if the plan of your spouse or Dependent: incurs a change such as adding or deleting a benefit option; allows election changes due to Special Enrollment, Change in Status, Court Order or Medicare or Medicaid Eligibility/Entitlement; or this Plan and the other plan have different periods of coverage or open enrollment periods.

#### **G. Reduction in work hours**

If an Employee's work hours are reduced below 30 hours/week (even if it does not result in the Employee losing eligibility for the Employer's coverage); and the Employee (and family) intend to enroll in another plan that provides Minimum Essential Coverage (MEC). The new coverage must be effective no later than the 1st day of the 2nd month following the month that includes the date the original coverage is revoked.

#### **H. Enrollment in a Qualified Health Plan (QHP)**

The Employee must be eligible for a Special Enrollment Period to enroll in a QHP through a Marketplace or the Employee wants to enroll in a QHP through a Marketplace during the Marketplace's annual open enrollment period; and the disenrollment from the group plan corresponds to the intended enrollment of the Employee (and family) in a QHP through a Marketplace for new coverage effective beginning no later than the day immediately following the last day of the original coverage.

#### **Eligibility for Coverage for Adopted Children**

Any child who is adopted by you, including a child who is placed with you for adoption, will be eligible for Dependent Insurance, if otherwise eligible as a Dependent, upon the date of placement with you. A child will be considered placed for adoption when you become legally obligated to support that child, totally or partially, prior to that child's adoption.

If a child placed for adoption is not adopted, all health coverage ceases when the placement ends, and will not be continued.

The provisions in the "Exception for Newborns" section of this document that describe requirements for enrollment and effective date of insurance will also apply to an adopted child or a child placed with you for adoption.

HC-FED67

#### **Coverage for Maternity Hospital Stay**

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

**In addition, a plan or issuer may not, under federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, contact your plan administrator.**

## Requirements of Family and Medical Leave Act of 1993 (as amended) (FMLA)

Any provisions of the policy that provide for: continuation of insurance during a leave of absence; and reinstatement of insurance following a return to Active Service; are modified by the following provisions of the federal Family and Medical Leave Act of 1993, as amended, where applicable:

### Continuation of Health Insurance During Leave

Your health insurance will be continued during a leave of absence if:

- that leave qualifies as a leave of absence under the Family and Medical Leave Act of 1993, as amended; and
- you are an eligible Employee under the terms of that Act.

The cost of your health insurance during such leave must be paid, whether entirely by your Employer or in part by you and your Employer.

### Reinstatement of Canceled Insurance Following Leave

Upon your return to Active Service following a leave of absence that qualifies under the Family and Medical Leave Act of 1993, as amended, any canceled insurance (health, life or disability) will be reinstated as of the date of your return.

You will not be required to satisfy any eligibility or benefit waiting period to the extent that they had been satisfied prior to the start of such leave of absence.

Your Employer will give you detailed information about the Family and Medical Leave Act of 1993, as amended.

HC-FED93

## Uniformed Services Employment and Re-Employment Rights Act of 1994 (USERRA)

The Uniformed Services Employment and Re-employment Rights Act of 1994 (USERRA) sets requirements for continuation of health coverage and re-employment in regard to an Employee's military leave of absence. These

requirements apply to medical and dental coverage for you and your Dependents.

### Continuation of Coverage

For leaves of less than 31 days, coverage will continue as described in the Termination section regarding Leave of Absence.

For leaves of 31 days or more, you may continue coverage for yourself and your Dependents as follows:

You may continue benefits by paying the required premium to your Employer, until the earliest of the following:

- 24 months from the last day of employment with the Employer;
- the day after you fail to return to work; and
- the date the policy cancels.

Your Employer may charge you and your Dependents up to 102% of the total premium.

### Reinstatement of Benefits (applicable to all coverages)

If your coverage ends during the leave of absence because you do not elect USERRA at the expiration of USERRA and you are reemployed by your current Employer, coverage for you and your Dependents may be reinstated if you gave your Employer advance written or verbal notice of your military service leave, and the duration of all military leaves while you are employed with your current Employer does not exceed 5 years.

You and your Dependents will be subject to only the balance of a waiting period that was not yet satisfied before the leave began. However, if an Injury or Sickness occurs or is aggravated during the military leave, full Plan limitations will apply.

If your coverage under this plan terminates as a result of your eligibility for military medical and dental coverage and your order to active duty is canceled before your active duty service commences, these reinstatement rights will continue to apply.

## **Claim Determination Procedures**

**The following complies with federal law. Provisions of applicable laws of your state may supersede.**

### **Procedures Regarding Medical Necessity Determinations**

In general, health services and benefits must be Medically Necessary to be covered under the plan. The procedures for determining Medical Necessity vary, according to the type of service or benefit requested, and the type of health plan.

Medical Necessity determinations are made on a preservice, concurrent, or postservice basis, as described below:

Certain services require prior authorization in order to be covered. The booklet describes who is responsible for obtaining this review. You or your authorized representative (typically, your health care professional) must request prior authorization according to the procedures described below, in the booklet, and in your provider's network participation documents as applicable.

When services or benefits are determined to be not covered, you or your representative will receive a written description of the adverse determination, and may appeal the determination. Appeal procedures are described in the booklet, in your provider's network participation documents as applicable, and in the determination notices.

Note: An oral statement made to you by a representative of Cigna or its designee that indicates, for example, a particular service is a Covered Expense, is authorized for coverage by the plan, or that you are eligible for coverage is not a guarantee that you will receive benefits for services under this plan. Cigna will make a benefit determination after a claim is received from you or your authorized representative, and the benefit determination will be based on, your eligibility as of the date services were rendered to you and the terms and conditions of the plan in effect as of the date services were rendered to you.

### **Preservice Determinations**

When you or your representative requests a required prior authorization, Cigna will notify you or your representative of the determination within 15 days after receiving the request. However, if more time is needed due to matters beyond Cigna's control, Cigna will notify you or your representative within 15 days after receiving your request. This notice will include the date a determination can be expected, which will be no more than 30 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

If the determination periods above would seriously jeopardize your life or health, your ability to regain maximum function, or in the opinion of a health care professional with knowledge of your health condition, cause you severe pain which cannot be managed without the requested services, Cigna will make the preservice determination on an expedited basis. Cigna will defer to the determination of the treating health care professional regarding whether an expedited determination is necessary. Cigna will notify you or your representative of an expedited determination within 72 hours after receiving the request.

However, if necessary information is missing from the request, Cigna will notify you or your representative within 24 hours after receiving the request to specify what information is needed. You or your representative must provide the specified information to Cigna within 48 hours after receiving the notice. Cigna will notify you or your representative of the expedited benefit determination within 48 hours after you or your representative responds to the notice. Expedited determinations may be provided orally, followed within 3 days by written or electronic notification.

If you or your representative attempts to request a preservice determination, but fails to follow Cigna's procedures for requesting a required preservice determination, Cigna will notify you or your representative of the failure and describe the proper procedures for filing within 5 days (or 24 hours, if an expedited determination is required, as described above) after receiving the request. This notice may be provided orally, unless you or your representative requests written notification.

### **Concurrent Determinations**

When an ongoing course of treatment has been approved for you and you wish to extend the approval, you or your representative must request a required concurrent coverage determination at least 24 hours prior to the expiration of the approved period of time or number of treatments. When you or your representative requests such a determination, Cigna will notify you or your representative of the determination within 24 hours after receiving the request.

### **Postservice Determinations**

When you or your representative requests a coverage determination or a claim payment determination after services have been rendered, Cigna will notify you or your representative of the determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond Cigna's control, Cigna will notify you or your representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request.

If more time is needed because necessary information is missing from the request, the notice will also specify what

information is needed, and you or your representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

### **Notice of Adverse Determination**

Every notice of an adverse benefit determination will be provided in writing or electronically, and will include all of the following that pertain to the determination: information sufficient to identify the claim including, if applicable, the date of service, provider and claim amount; diagnosis and treatment codes, and their meanings; the specific reason or reasons for the adverse determination including, if applicable, the denial code and its meaning and a description of any standard that was used in the denial; reference to the specific plan provisions on which the determination is based; a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary; a description of the plan's review procedures and the time limits applicable, including a statement of a claimant's rights to bring a civil action under section 502(a) of ERISA following an adverse benefit determination on appeal, (if applicable); upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your claim; and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; a description of any available internal appeal and/or external review process(es); information about any office of health insurance consumer assistance or ombudsman available to assist you with the appeal process; and in the case of a claim involving urgent care, a description of the expedited review process applicable to such claim.

HC-FED104

### **Appointment of Authorized Representative**

You may appoint an authorized representative to assist you in submitting a claim or appealing a claim denial. However, Cigna may require you to designate your authorized representative in writing using a form approved by Cigna. At all times, the appointment of an authorized representative is revocable by you. To ensure that a prior appointment remains valid, Cigna may require you to re-appoint your authorized representative, from time to time.

Cigna reserves the right to refuse to honor the appointment of a representative if Cigna reasonably determines that:

- the signature on an authorized representative form may not be yours, or
- the authorized representative may not have disclosed to you all of the relevant facts and circumstances relating to the overpayment or underpayment of any claim, including, for example, that the billing practices of the provider of medical services may have jeopardized your coverage through the waiver of the cost-sharing amounts that you are required to pay under your plan.

If your designation of an authorized representative is revoked, or Cigna does not honor your designation, you may appoint a new authorized representative at any time, in writing, using a form approved by Cigna.

### **Medical - When You Have a Complaint or an Appeal**

For the purposes of this section, any reference to "you" or "your" also refers to a representative or provider designated by you to act on your behalf; unless otherwise noted.

We want you to be completely satisfied with the services you receive. That is why we have established a process for addressing your concerns and solving your problems.

#### **Start With Customer Service**

We are here to listen and help. If you have a concern regarding a person, a service, the quality of care, contractual benefits, or a rescission of coverage, you may call the toll-free number on your ID card, explanation of benefits, or claim form and explain your concern to one of our Customer Service representatives. You may also express that concern in writing.

We will do our best to resolve the matter on your initial contact. If we need more time to review or investigate your concern, we will get back to you as soon as possible, but in any case within 30 days. If you are not satisfied with the results of a coverage decision, you may start the appeals procedure.

#### **Internal Appeals Procedure**

To initiate an appeal of an adverse benefit determination, you must submit a request for an appeal to Cigna within 180 days of receipt of a denial notice. If you appeal a reduction or termination in coverage for an ongoing course of treatment that Cigna previously approved, you will receive, as required by applicable law, continued coverage pending the outcome of an appeal.

You should state the reason why you feel your appeal should be approved and include any information supporting your appeal. If you are unable or choose not to write, you may ask Cigna to register your appeal by telephone. Call or write us at the toll-free number on your ID card, explanation of benefits, or claim form.

Your appeal will be reviewed and the decision made by someone not involved in the initial decision. Appeals involving Medical Necessity or clinical appropriateness will be considered by a health care professional.

We will respond in writing with a decision within 30 calendar days after we receive an appeal for a required preservice or concurrent care coverage determination or a postservice Medical Necessity determination. We will respond within 60 calendar days after we receive an appeal for any other postservice coverage determination. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review.

In the event any new or additional information (evidence) is considered, relied upon or generated by Cigna in connection with the appeal, this information will be provided automatically to you as soon as possible and sufficiently in advance of the decision, so that you will have an opportunity to respond. Also, if any new or additional rationale is considered by Cigna, Cigna will provide the rationale to you as soon as possible and sufficiently in advance of the decision so that you will have an opportunity to respond.

You may request that the appeal process be expedited if the time frames under this process would seriously jeopardize your life, health or ability to regain maximum functionality or in the opinion of your health care provider would cause you severe pain which cannot be managed without the requested services.

If you request that your appeal be expedited, you may also ask for an expedited external Independent Review at the same time, if the time to complete an expedited level-one appeal would be detrimental to your medical condition.

When an appeal is expedited, Cigna will respond orally with a decision within 72 hours, followed up in writing.

### **External Review Procedure**

If you are not fully satisfied with the decision of Cigna's internal appeal review and the appeal involves medical judgment or a rescission of coverage, you may request that your appeal be referred to an Independent Review Organization (IRO). The IRO is composed of persons who are not employed by Cigna, or any of its affiliates. A decision to request an external review to an IRO will not affect the claimant's rights to any other benefits under the plan.

There is no charge for you to initiate an external review. Cigna and your benefit plan will abide by the decision of the IRO.

To request a review, you must notify the Appeals Coordinator within 4 months of your receipt of Cigna's appeal review denial. Cigna will then forward the file to a randomly selected IRO. The IRO will render an opinion within 45 days.

When requested, and if a delay would be detrimental to your medical condition, as determined by Cigna's reviewer, or if your appeal concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but you have not yet been discharged from a facility, the external review shall be completed within 72 hours.

### **Notice of Benefit Determination on Appeal**

Every notice of a determination on appeal will be provided in writing or electronically and, if an adverse determination, will include: information sufficient to identify the claim including, if applicable, the date of service, provider and claim amount; diagnosis and treatment codes, and their meanings; the specific reason or reasons for the adverse determination including, if applicable, the denial code and its meaning and a description of any standard that was used in the denial; reference to the specific plan provisions on which the determination is based; a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other Relevant Information as defined below; a statement describing any voluntary appeal procedures offered by the plan and the claimant's right to bring an action under ERISA section 502(a), if applicable; upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your appeal, and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; and information about any office of health insurance consumer assistance or ombudsman available to assist you in the appeal process. A final notice of an adverse determination will include a discussion of the decision.

You also have the right to bring a civil action under section 502(a) of ERISA if you are not satisfied with the decision on review. You or your plan may have other voluntary alternative dispute resolution options such as Mediation. One way to find out what may be available is to contact your local U.S. Department of Labor office and your State insurance regulatory agency. You may also contact the Plan Administrator.

### **Relevant Information**

Relevant Information is any document, record or other information which: was relied upon in making the benefit determination; was submitted, considered or generated in the

course of making the benefit determination, without regard to whether such document, record, or other information was relied upon in making the benefit determination; demonstrates compliance with the administrative processes and safeguards required by federal law in making the benefit determination; or constitutes a statement of policy or guidance with respect to the plan concerning the denied treatment option or benefit for the claimant's diagnosis, without regard to whether such advice or statement was relied upon in making the benefit determination.

### **Legal Action**

If your plan is governed by ERISA, you have the right to bring a civil action under section 502(a) of ERISA if you are not satisfied with the outcome of the Appeals Procedure. In most instances, you may not initiate a legal action against Cigna until you have completed the appeal processes. However, no action will be brought at all unless brought within 3 years after a claim is submitted for In-Network Services or within three years after proof of claim is required under the Plan for Out-of-Network services.

## **COBRA Continuation Rights Under Federal Law**

### **For You and Your Dependents**

#### **What is COBRA Continuation Coverage?**

Under federal law, you and/or your Dependents must be given the opportunity to continue health insurance when there is a “qualifying event” that would result in loss of coverage under the Plan. You and/or your Dependents will be permitted to continue the same coverage under which you or your Dependents were covered on the day before the qualifying event occurred, unless you move out of that plan’s coverage area or the plan is no longer available. You and/or your Dependents cannot change coverage options until the next open enrollment period.

#### **When is COBRA Continuation Available?**

For you and your Dependents, COBRA continuation is available for up to 18 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your termination of employment for any reason, other than gross misconduct; or
- your reduction in work hours.

For your Dependents, COBRA continuation coverage is available for up to 36 months from the date of the following

qualifying events if the event would result in a loss of coverage under the Plan:

- your death;
- your divorce or legal separation; or
- for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

### **Who is Entitled to COBRA Continuation?**

Only a “qualified beneficiary” (as defined by federal law) may elect to continue health insurance coverage. A qualified beneficiary may include the following individuals who were covered by the Plan on the day the qualifying event occurred: you, your spouse, and your Dependent children. Each qualified beneficiary has their own right to elect or decline COBRA continuation coverage even if you decline or are not eligible for COBRA continuation.

The following individuals are not qualified beneficiaries for purposes of COBRA continuation: domestic partners, grandchildren (unless adopted by you), stepchildren (unless adopted by you). Although these individuals do not have an independent right to elect COBRA continuation coverage, if you elect COBRA continuation coverage for yourself, you may also cover your Dependents even if they are not considered qualified beneficiaries under COBRA. However, such individuals’ coverage will terminate when your COBRA continuation coverage terminates. The sections titled “Secondary Qualifying Events” and “Medicare Extension For Your Dependents” are not applicable to these individuals.

### **Secondary Qualifying Events**

If, as a result of your termination of employment or reduction in work hours, your Dependent(s) have elected COBRA continuation coverage and one or more Dependents experience another COBRA qualifying event, the affected Dependent(s) may elect to extend their COBRA continuation coverage for an additional 18 months (7 months if the secondary event occurs within the disability extension period) for a maximum of 36 months from the initial qualifying event. The second qualifying event must occur before the end of the initial 18 months of COBRA continuation coverage or within the disability extension period discussed below. Under no circumstances will COBRA continuation coverage be available for more than 36 months from the initial qualifying event. Secondary qualifying events are: your death; your divorce or legal separation; or, for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

### **Disability Extension**

If, after electing COBRA continuation coverage due to your termination of employment or reduction in work hours, you or one of your Dependents is determined by the Social Security Administration (SSA) to be totally disabled under Title II or XVI of the SSA, you and all of your Dependents who have

elected COBRA continuation coverage may extend such continuation for an additional 11 months, for a maximum of 29 months from the initial qualifying event.

To qualify for the disability extension, all of the following requirements must be satisfied:

- SSA must determine that the disability occurred prior to or within 60 days after the disabled individual elected COBRA continuation coverage; and
- A copy of the written SSA determination must be provided to the Plan Administrator within 60 calendar days after the date the SSA determination is made AND before the end of the initial 18-month continuation period.

If the SSA later determines that the individual is no longer disabled, you must notify the Plan Administrator within 30 days after the date the final determination is made by SSA. The 11-month disability extension will terminate for all covered persons on the first day of the month that is more than 30 days after the date the SSA makes a final determination that the disabled individual is no longer disabled.

All causes for “Termination of COBRA Continuation” listed below will also apply to the period of disability extension.

#### **Medicare Extension for Your Dependents**

When the qualifying event is your termination of employment or reduction in work hours and you became enrolled in Medicare (Part A, Part B or both) within the 18 months before the qualifying event, COBRA continuation coverage for your Dependents will last for up to 36 months after the date you became enrolled in Medicare. Your COBRA continuation coverage will last for up to 18 months from the date of your termination of employment or reduction in work hours.

#### **Termination of COBRA Continuation**

COBRA continuation coverage will be terminated upon the occurrence of any of the following:

- the end of the COBRA continuation period of 18, 29 or 36 months, as applicable;
- failure to pay the required premium within 30 calendar days after the due date;
- cancellation of the Employer’s policy with Cigna;
- after electing COBRA continuation coverage, a qualified beneficiary enrolls in Medicare (Part A, Part B, or both);
- after electing COBRA continuation coverage, a qualified beneficiary becomes covered under another group health plan, unless the qualified beneficiary has a condition for which the new plan limits or excludes coverage under a pre-existing condition provision. In such case coverage will continue until the earliest of: the end of the applicable maximum period; the date the pre-existing condition provision is no longer applicable; or the occurrence of an event described in one of the first three bullets above;

- any reason the Plan would terminate coverage of a participant or beneficiary who is not receiving continuation coverage (e.g., fraud).

#### **Moving Out of Employer’s Service Area or Elimination of a Service Area**

If you and/or your Dependents move out of the Employer’s service area or the Employer eliminates a service area in your location, your COBRA continuation coverage under the plan will be limited to out-of-network coverage only. In-network coverage is not available outside of the Employer’s service area. If the Employer offers another benefit option through Cigna or another carrier which can provide coverage in your location, you may elect COBRA continuation coverage under that option.

#### **Employer’s Notification Requirements**

Your Employer is required to provide you and/or your Dependents with the following notices:

- An initial notification of COBRA continuation rights must be provided within 90 days after your (or your spouse’s) coverage under the Plan begins (or the Plan first becomes subject to COBRA continuation requirements, if later). If you and/or your Dependents experience a qualifying event before the end of that 90-day period, the initial notice must be provided within the time frame required for the COBRA continuation coverage election notice as explained below.
- A COBRA continuation coverage election notice must be provided to you and/or your Dependents within the following timeframes:
  - if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the loss of coverage, 44 days after loss of coverage under the Plan;
  - if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the occurrence of a qualifying event, 44 days after the qualifying event occurs; or
  - in the case of a multi-employer plan, no later than 14 days after the end of the period in which Employers must provide notice of a qualifying event to the Plan Administrator.

#### **How to Elect COBRA Continuation Coverage**

The COBRA coverage election notice will list the individuals who are eligible for COBRA continuation coverage and inform you of the applicable premium. The notice will also include instructions for electing COBRA continuation coverage. You must notify the Plan Administrator of your election no later than the due date stated on the COBRA election notice. If a written election notice is required, it must

be post-marked no later than the due date stated on the COBRA election notice. If you do not make proper notification by the due date shown on the notice, you and your Dependents will lose the right to elect COBRA continuation coverage. If you reject COBRA continuation coverage before the due date, you may change your mind as long as you furnish a completed election form before the due date.

Each qualified beneficiary has an independent right to elect COBRA continuation coverage. Continuation coverage may be elected for only one, several, or for all Dependents who are qualified beneficiaries. Parents may elect to continue coverage on behalf of their Dependent children. You or your spouse may elect continuation coverage on behalf of all the qualified beneficiaries. You are not required to elect COBRA continuation coverage in order for your Dependents to elect COBRA continuation.

#### **How Much Does COBRA Continuation Coverage Cost?**

Each qualified beneficiary may be required to pay the entire cost of continuation coverage. The amount may not exceed 102% of the cost to the group health plan (including both Employer and Employee contributions) for coverage of a similarly situated active Employee or family member. The premium during the 11-month disability extension may not exceed 150% of the cost to the group health plan (including both employer and employee contributions) for coverage of a similarly situated active Employee or family member.

For example: If the Employee alone elects COBRA continuation coverage, the Employee will be charged 102% (or 150%) of the active Employee premium. If the spouse or one Dependent child alone elects COBRA continuation coverage, they will be charged 102% (or 150%) of the active Employee premium. If more than one qualified beneficiary elects COBRA continuation coverage, they will be charged 102% (or 150%) of the applicable family premium.

#### **When and How to Pay COBRA Premiums**

##### *First payment for COBRA continuation*

If you elect COBRA continuation coverage, you do not have to send any payment with the election form. However, you must make your first payment no later than 45 calendar days after the date of your election. (This is the date the Election Notice is postmarked, if mailed.) If you do not make your first payment within that 45 days, you will lose all COBRA continuation rights under the Plan.

##### *Subsequent payments*

After you make your first payment for COBRA continuation coverage, you will be required to make subsequent payments of the required premium for each additional month of coverage. Payment is due on the first day of each month. If you make a payment on or before its due date, your coverage under the Plan will continue for that coverage period without any break.

##### *Grace periods for subsequent payments*

Although subsequent payments are due by the first day of the month, you will be given a grace period of 30 days after the first day of the coverage period to make each monthly payment. Your COBRA continuation coverage will be provided for each coverage period as long as payment for that coverage period is made before the end of the grace period for that payment. However, if your payment is received after the due date, your coverage under the Plan may be suspended during this time. Any providers who contact the Plan to confirm coverage during this time may be informed that coverage has been suspended. If payment is received before the end of the grace period, your coverage will be reinstated back to the beginning of the coverage period. This means that any claim you submit for benefits while your coverage is suspended may be denied and may have to be resubmitted once your coverage is reinstated. If you fail to make a payment before the end of the grace period for that coverage period, you will lose all rights to COBRA continuation coverage under the Plan.

#### **You Must Give Notice of Certain Qualifying Events**

If you or your Dependent(s) experience one of the following qualifying events, you must notify the Plan Administrator within 60 calendar days after the later of the date the qualifying event occurs or the date coverage would cease as a result of the qualifying event:

- Your divorce or legal separation; or
- Your child ceases to qualify as a Dependent under the Plan.
- The occurrence of a secondary qualifying event as discussed under “Secondary Qualifying Events” above (this notice must be received prior to the end of the initial 18- or 29-month COBRA period).

(Also refer to the section titled “Disability Extension” for additional notice requirements.)

Notice must be made in writing and must include: the name of the Plan, name and address of the Employee covered under the Plan, name and address(es) of the qualified beneficiaries affected by the qualifying event; the qualifying event; the date the qualifying event occurred; and supporting documentation (e.g., divorce decree, birth certificate, disability determination, etc.).

#### **Newly Acquired Dependents**

If you acquire a new Dependent through marriage, birth, adoption or placement for adoption while your coverage is being continued, you may cover such Dependent under your COBRA continuation coverage. However, only your newborn or adopted Dependent child is a qualified beneficiary and may continue COBRA continuation coverage for the remainder of the coverage period following your early termination of COBRA coverage or due to a secondary qualifying event.

COBRA coverage for your Dependent spouse and any Dependent children who are not your children (e.g., stepchildren or grandchildren) will cease on the date your COBRA coverage ceases and they are not eligible for a secondary qualifying event.

### **COBRA Continuation for Retirees Following Employer's Bankruptcy**

If you are covered as a retiree, and a proceeding in bankruptcy is filed with respect to the Employer under Title 11 of the United States Code, you may be entitled to COBRA continuation coverage. If the bankruptcy results in a loss of coverage for you, your Dependents or your surviving spouse within one year before or after such proceeding, you and your covered Dependents will become COBRA qualified beneficiaries with respect to the bankruptcy. You will be entitled to COBRA continuation coverage until your death. Your surviving spouse and covered Dependent children will be entitled to COBRA continuation coverage for up to 36 months following your death. However, COBRA continuation coverage will cease upon the occurrence of any of the events listed under "Termination of COBRA Continuation" above.

### **Interaction With Other Continuation Benefits**

You may be eligible for other continuation benefits under state law. Refer to the Termination section for any other continuation benefits.

## **Summary of Health Insurance Grievance Procedures**

This is a summary of the process you must follow when you request a review of a decision by your insurer. You will be provided with detailed information and complaint forms by your insurer at each step. In addition, you can review the complete New Mexico regulations that control the process under the **Managed Health Care Bureau** page found under the **Departments** tab on the Office of Superintendent of Insurance (OSI) website, located at [www.osi.state.nm.us](http://www.osi.state.nm.us). You may also request a copy from your insurer at the toll-free number 1-888-992-4462 or write to:

Cigna  
National Appeals Organization (NAO)  
PO Box 188011  
Chattanooga, TN 37422

or from OSI by calling 1-505-827-4601 or toll free at 1-855-427-5674.

**What types of decisions can be reviewed?** You may request a review of two different types of decisions:

**Adverse determination:** You may request a review if your insurer has denied pre-authorization (certification) for a proposed procedure, has denied full or partial payment for a procedure you have already received, or is denying or reducing further payment for an ongoing procedure that you are already receiving and that has been previously covered. (The insurer must notify you before terminating or reducing coverage for an ongoing course of treatment, and must continue to cover the treatment during the appeal process.) This type of denial may also include a refusal to cover a service for which benefits might otherwise be provided because the service is determined to be experimental, investigational, or not Medically Necessary or appropriate. It may also include a denial by the insurer of a participant's or beneficiary's eligibility to participate in a plan. These types of denials are collectively called "**adverse determinations**".

**Administrative decision:** You may also request a review if you object to how the insurer handles other matters, such as its administrative practices that affect the availability, delivery, or quality of Health Care Services; claims payment, handling or reimbursement for Health Care Services; or if your coverage has been terminated.

### **Review of an Adverse Determination**

**How does pre-authorization for a Health Care Service work?** When your insurer receives a request to pre-authorize (certify) payment for a Health Care Service (service) or a request to reimburse your healthcare Provider (Provider) for a service that you have already had, it follows a two-step process.

**Coverage:** First, the insurer determines whether the requested service is covered under the terms of your health benefits plan (policy). For example, if your policy excludes payment for adult hearing aids, then your insurer will not agree to pay for you to have them even if you have a clear need for them.

**Medical Necessity:** Next, if the insurer finds that the requested service is covered by the policy, then when considering whether to certify a requested Health Care Service, the insurer shall assign a Physician, registered Nurse, or other Health Care Professional to determine, within the timeframe required by the medial exigencies of the case, whether the requested Health Care Service is Medically Necessary. Before an insurer denies a Health Care Services requested by a Provider or Covered Person on grounds that it is determined to be not Medically Necessary, experimental, or investigational a Physician shall render an opinion, either after consultation with specialists who are experts in the area that is the subject of review or after application of uniform standards used by the Health Care Insurer. The Physician shall be under the clinical authority of the medical director responsible for Health Care Services provided to Covered Person. For

example, if you have a crippling hand injury that could be corrected by plastic surgery and you are also requesting that your insurer pay for cosmetic plastic surgery to give you a more attractive nose, the insurer might certify the first request to repair your hand and deny the second, because it is not Medically Necessary. Depending on terms of your policy, your insurer might also deny certification if the service you are requesting is outside the scope of your policy. For example, if your policy does not pay for experimental procedures, and the service you are requesting is classified as experimental, the insurer may deny certification. Your insurer might also deny certification if a procedure that your Provider has requested is not recognized as a standard treatment for the condition being treated.

**IMPORTANT:** If your insurer determines that it will not certify your request for services, you may still go forward with the treatment or procedure. **However**, you will be responsible for paying the Provider yourself for the services.

#### **How long does initial certification take?**

**Standard decision:** The insurer must make an initial decision within 5 working days. However, the insurer may extend the review period for a maximum of 10 calendar days if it: **(1)** can demonstrate reasonable cause beyond its control for the delay; **(2)** can demonstrate that the delay will not result in increased medical risk to you; and **(3)** provides a written progress report and explanation for the delay to you and your Provider within the original 5 working day review period.

#### **What if I need services in a hurry?**

**Urgent Care Situation:** An **Urgent Care Situation** is a situation in which a decision from the insurer is needed quickly because: **(1)** delay would jeopardize your life or health; **(2)** delay would jeopardize your ability to regain maximum function; **(3)** the Physician with knowledge of your medical condition **reasonably** requests an expedited decision; **(4)** the Physician with knowledge of your medical condition, believes that delay would subject you to severe pain that cannot be adequately managed without the requested care or treatment; or **(5)** the medical demands of your case require an expedited decision.

If you are facing an Urgent Care Situation **or** your insurer has notified you that payment for an ongoing course of treatment that you are already receiving is being reduced or discontinued, you or your Provider may request an **expedited** review and the insurer must either certify or deny the initial request quickly. The insurer must make its initial decision in accordance with the medical demands of the case, but within 24 hours after receiving the request for an **expedited** decision. If you are dissatisfied with the insurer's initial **expedited** decision in an Urgent Care Situation, you may then request an expedited review of the insurer's decision by both the insurer and an external reviewer called an Independent Review Organization (IRO). When an expedited review is requested,

the insurer must review its prior decision and respond to your request within 72 hours. If you request that an IRO perform an expedited review simultaneously with the insurer's review and your request is eligible for an IRO review, the IRO must also provide its expedited decision within 72 hours after receiving the necessary release of information and related records. If you are still dissatisfied after the IRO completes its review, you may request that the Superintendent review your request. This review will be completed within 72 hours after your request is complete. The internal review, the IRO review, and the review by the Superintendent are described in greater detail in the following sections.

**IMPORTANT: If you are facing an emergency, you should seek medical care immediately and then notify your insurer as soon as possible. The insurer will guide you through the claims process once the emergency has passed.**

**When will I be notified that my initial request has been either certified or denied?** If the initial request is approved, the insurer must notify you and your Provider within 1 working day after the decision, unless an urgent matter requires a quicker notice. If the insurer denies certification, the insurer must notify you and the Provider within 24 hours after the decision.

**If my initial request is denied, how can I appeal this decision?** If your initial request for services is denied or you are dissatisfied with the way your insurer handles an administrative matter, you will receive a detailed written description of the grievance procedures from your insurer as well as forms and detailed instructions for requesting a review. You may submit the request for review either orally or in writing depending on the terms of your policy. The insurer provides representatives who have been trained to assist you with the process of requesting a review. This person can help you to complete the necessary forms and with gathering information that you need to submit your request. For assistance, contact the insurer's consumer assistance office as follows: Telephone number: toll free 1-888-992-4462 or write to:

Cigna  
National Appeals Organization (NAO)  
PO Box 188011  
Chattanooga, TN 37422

You may also contact the Managed Health Care Bureau (MHCB) at OSI for assistance with preparing a request for a review at: Telephone: 1-505-827-4601 or toll free at 1-855-427-5674.

Address: Office of Superintendent of Insurance – MHCB

Fax: 1-505-827-6341

E-mail: mhcb.grievance@state.nm.us

### **Who can request a review?**

A review may be requested by you as the patient, your Provider, or someone that you select to act on your behalf. The patient may be the actual subscriber or a dependent who receives coverage through the subscriber. The person requesting the review is called the “grievant”.

### **Appealing an adverse determination – first level review**

If you are dissatisfied with the initial decision by your insurer, you have the right to request that the insurer’s decision be reviewed by its medical director. The medical director may make a decision based on the terms of your policy, may choose to contact a specialist or the Provider who has requested the service on your behalf, or may rely on the insurer’s standards or generally recognized standards.

### **How much time do I have to decide whether to request a review?**

You must notify the insurer that you wish to request an internal review within **180 days** after the date you are notified that the initial request has been denied.

**What do I need to provide? What else can I provide?** If you request that the insurer review its decision, the insurer will provide you with a list of the documents you need to provide and will provide to you all of your records and other information the medical director will consider when reviewing your case. You may also provide additional information that you would like to have the medical director consider, such as a statement or recommendation from your doctor, a written statement from you, or published clinical studies that support your request.

### **How long does a first level internal review take?**

**Expedited review:** If a review request involves an Urgent Care Situation, your insurer must complete an expedited internal review as required by the medical demands of the case, but in no case later than 72 hours from the time the internal review request was received.

**Standard review:** Your insurer must complete both the medical director’s review and (if you then request it) the insurer’s internal panel review within 30 days after receipt of your pre-service request for review or within 60 days if you have already received the service. The medical director’s review generally takes only a few days.

### **The medical director denied my request - now what?**

If you remain dissatisfied after the medical director’s review, you may either request a review by a panel that is selected by the insurer or you may skip this step and ask that your request be reviewed by an IRO that is appointed by the Superintendent.

If you ask to have your request reviewed by the insurer’s panel, then you have the right to appear before the panel in person or by telephone or have someone, (including your

attorney), appear with you or on your behalf. You may submit information that you want the panel to consider, and ask questions of the panel members. Your health Provider may also address the panel or send a written statement.

If you decide to skip the panel review, you will have the opportunity to submit your information for review by the IRO, but you will not be able to appear in person or by telephone. OSI can assist you in getting your information to the IRO.

**IMPORTANT: If you are covered under the NM State Healthcare Purchasing Act, you may NOT request an IRO review if you skip the panel review.**

### **How long do I have to make my decision?**

If you wish to have your request reviewed by the insurer’s panel, you must inform the insurer within **5 days** after you receive the medical director’s decision. If you wish to skip the insurer’s panel review and have your matter go directly to the IRO, you must inform OSI of your decision within **4 months** after you receive the medical director’s decision.

### **What happens during a panel review?**

If you request that the insurer provide a panel to review its decision, the insurer will schedule a hearing with a group of medical and other professionals to review the request. If your request was denied because the insurer felt the requested services were not Medically Necessary, were experimental or were investigational, then the panel will include at least one specialist with specific training or experience with the requested services. The insurer will contact you with information about the panel’s hearing date so that you may arrange to attend in person or by telephone, or arrange to have someone attend with you or on your behalf. You may review all of the information that the insurer will provide to the panel and submit additional information that you want the panel to consider. If you attend the hearing in person or by telephone, you may ask questions of the panel members. Your medical Provider may also attend in person or by telephone, may address the panel, or send a written statement. The insurer’s internal panel must complete its review within 30 days following your original request for an internal review of a request for pre-certification or within 60 days following your original request if you have already received the services. You will be notified within 1 day after the panel decision. If you fail to provide records or other information that the insurer needs to complete the review, you will be given an opportunity to provide the missing items, but the review process may take much longer and you will be forced to wait for a decision.

**Hint:** If you need extra time to prepare for the panel’s review, then you may request that the panel be delayed for a maximum of 30 days.

**If I choose to have my request reviewed by the insurer’s panel, can I still request the IRO review?** Yes. If your

request has been reviewed by the insurer's panel and you are still dissatisfied with the decision, you will have **4 months** to request a review by an IRO.

#### **What's an IRO and what does it do?**

An IRO is a certified organization appointed by OSI to review requests that have been denied by an insurer. The IRO employs various medical and other professionals from around the country to perform reviews. Once OSI selects and appoints an IRO, the IRO will assign one or more professionals who have specific credentials that qualify them to understand and evaluate the issues that are particular to a request. Depending on the type of issue, the IRO may assign a single reviewer to consider your request, or it may assign a panel of reviewers. The IRO must assign reviewers who have no prior knowledge of the case and who have no close association with the insurer or with you. The reviewer will consider all of the information that is provided by the insurer and by you. (OSI can assist you in getting your information to the IRO.) In making a decision, the reviewer may also rely on other published materials, such as clinical studies. The IRO will report the final decision to you, your Provider, your insurer, and to OSI. Your insurer must comply with the decision of the IRO. If the IRO finds that the requested services should be provided, then the insurer must provide them.

**The IRO's fees are billed directly to the insurer – there is no charge to you for this service.**

#### **How long does an IRO review take?**

The IRO must complete the review and report back within 20 days after it receives the information necessary for the review. (However, if the IRO has been asked to provide an expedited review regarding an urgent care matter, the IRO must report back within 72 hours after receiving all of the information it needs to review the matter.)

#### **Review by the Superintendent of Insurance**

If you remain dissatisfied after the IRO's review, you may still be able to have the matter reviewed by the Superintendent. You may submit your request directly to OSI, and if your case meets certain requirements, a hearing will be scheduled. You will then have the right to submit additional information to support your request and you may choose to attend the hearing and speak. You may also ask other persons to testify at the hearing. The Superintendent may appoint independent co-hearing officers to hear the matter and to provide a recommendation. The co-hearing officers will provide a recommendation to the Superintendent within 30 days after the hearing is complete. The Superintendent will then issue a final order.

**There is no charge to you for a review by the Superintendent of Insurance and any fees for the hearing officers are billed directly to the insurer. However, if you**

**arrange to be represented by an attorney or your witnesses require a fee, you will need to pay those fees.**

#### **Review of an Administrative Decision**

##### **How long do I have to decide if I want to appeal and how do I start the process?**

If you are dissatisfied with an initial administrative decision made by your insurer, you have a right to request an internal review within **180 days** after the date you are notified of the decision. The insurer will notify you within 3 days after receiving your request for a review and will review the matter promptly. You may submit relevant information to be considered by the reviewer.

##### **How long does an internal review of an Administrative Decision take?**

The insurer will mail a decision to you within 30 days after receiving your request for a review of an administrative decision.

##### **Can I appeal the decision from the internal reviewer?**

Yes. You have **20 days** to request that the insurer form a committee to reconsider its administrative decision.

##### **What does the reconsideration committee do? How long does it take?**

When the insurer receives your request, it will appoint two or more members to form a committee to review the administrative decision. The committee members must be representatives of the company who were not involved in either the initial decision or the internal review. The committee will meet to review the decision within 15 days after the insurer receives your request. You will be notified at least 5 days prior to the committee meeting so that you may provide information, and/or attend the hearing in person or by telephone. If you are unable to prepare for the committee hearing within the time set by the insurer, you may request that the committee hearing be postponed for up to 30 days. The reconsideration committee will mail its decision to you within 7 days after the hearing.

##### **How can I request an external review?**

If you are dissatisfied with the reconsideration committee's decision, you may ask the Superintendent to review the matter within **20 days** after you receive the written decision from the insurer. You may submit the request to OSI using forms that are provided by your insurer. Forms are also available on the OSI website located at [www.osi.state.nm.us](http://www.osi.state.nm.us). You may also call OSI to request the forms at 1-505-827-4601 or toll free at 1-855-427-5674.

##### **How does the external review work?**

Upon receipt of your request, the Superintendent will request that both you and the insurer submit information for consideration. The insurer has 5 days to provide its

information to the Superintendent, with a copy to you. You may also submit additional information including documents and reports for review by the Superintendent. The Superintendent will review all of the information received from both you and the insurer and issue a final decision within 45 days. The percentage used to determine the Maximum Reimbursable Charge is listed in The Schedule.

- the amount agreed to by the Out-of-Network provider and Cigna; or
- the 80th percentile of charges made by providers of such service or supply in the geographic area where it is received as compiled in a database selected by Cigna.
