Specialty	\$60 Generic \$85 Preferred Brand \$125 Nonpreferred Brand	\$60 Generic \$85 Preferred Brand \$125 Nonpreferred Brand

¹**Deductible for individual coverage:** A one-time \$50 deductible will be charged for the first fill of a brand-name drug at a retail pharmacy or through home delivery. The \$50 deductible will apply toward the total combined prescription/medical OOP maximum. Once the deductible is met, no further deductible amount will be charged on any individual claim for the remainder of the plan year.

²**Deductible for family coverage, or single + child(ren):** A one-time \$100 deductible will be charged for the first fill of a brand-name drug at a retail pharmacy or through home delivery. The \$100 deductible will apply toward the total combined prescription/medical OOP maximum. Once the deductible is met, no further deductible amount will be charged on any individual claim for the remainder of the plan year.

³**Product Selection Cost** - If you choose a brand-name drug when a generic equivalent is available, you're responsible for the brand copayment **plus** the cost difference between the brand and the generic. This extra cost doesn't apply to specialty medications.

(over, please)

Saving with home delivery

Use the Express Scripts PharmacySM to fill your maintenance prescriptions (medications you take regularly to treat an ongoing condition). We deliver up to a 90-day supply to you with free standard shipping. **You can fill a maintenance prescription up to three times at a participating retail pharmacy for a retail copayment. If you continue at retail after that, your copayment for a 30-day supply will increase to the 90-day home delivery copayment amounts shown above.**

Saving with generics

FDA-approved generics are as safe and effective as their brand-name counterparts. If you're taking a brand-name drug, talk to your doctor and ask whether a less expensive generic drug could treat your condition. If your doctor agrees, ask your doctor to write a new prescription for the generic that you can fill through your prescription benefit.

Home delivery is quick and easy

Ask your doctor to send your 90-day prescription to Express Scripts by e-prescribing or by fax.⁴

Manage your prescriptions online and on the go	express-scripts.com ⁵	Express Scripts [®] mobile app ⁵
