Prescription Drugs, Diabetic Supplies, Enteral Nutritional Products, Special Medical Foods, Smoking/Tobacco Cessation	See your CVS benefit summary for details.		

***Note about Family deductibles and out-of-pocket limits:** If you have a Family contract, an entire family meets an applicable deductible or out-of-pocket limit for a calendar year when the total deductible amount or out-of-pocket limit for all family members reaches three times the Individual deductible or out-of-pocket limit amount (the deductible and out-of-pocket limit amounts for three or more family members are combined to satisfy the Family deductible and the Family out-of-pocket limit). However, once a member meets an Individual deductible, that member's applicable deductible is satisfied for the calendar year, and no more charges incurred by that member can be used to satisfy the Family deductible.

Note: For outpatient surgeries, you will pay a coinsurance percentage for the facility *and* the related physician charges.

Blue Cross and Blue Shield of New Mexico (BCBSNM) provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims, except as may be specified in the Professional Services Agreement.

FOOTNOTES:

[1]All benefits are based on the covered charges as determined by BCBSNM. The deductible must be met before benefit payments are made for most covered services in a calendar year. ("Deductible waived" is indicated above for those services that are excluded from the deductible requirement.) Preferred Provider amounts do not cross apply to the Nonpreferred Provider deductible nor vice versa.

Note: A "PPP" is any Preferred Provider in one of the following categories of practice: Family Practice, Internal Medicine, General Practice, Gynecology, Pediatrics, or Obstetrics/Gynecology.

[2]After you reach the applicable out-of-pocket limit, BCBSNM pays 100 percent of most of your covered Preferred or Nonpreferred Provider charges, whichever is applicable, for the rest of the calendar year. Preferred Provider amounts do not cross-apply to the Nonpreferred Provider limit nor vice versa. Amounts in excess of covered charges, penalty amounts, and noncovered charges do not count toward the out-of-pocket limit or deductible.

[3]Initial treatment of a medical emergency at a Preferred or Nonpreferred emergency room or trauma center is paid at the Preferred Provider benefit level. If you must be admitted as an inpatient as a result of an emergency, the entire, related hospitalization is paid at the Preferred Provider benefit level. Follow-up treatment and treatment that is not for an emergency is paid at the Nonpreferred Provider level. The emergency room or observation room copayment is waived if an inpatient admission results; then inpatient hospital benefits apply.

[4]Certain services are not covered if preauthorization is not obtained from BCBSNM. Nonemergency air ambulance transfer services are covered only when it is medically necessary to transfer the patient from one facility to another. A list of services requiring preauthorization is in Section 4 of your benefit booklet.

[5]Preauthorization (or admission review approval) is required for inpatient admissions. Some services, such as transplants, require additional approval. If you do not receive preauthorization for these individually-identified procedures or services, benefits for any related admissions will be denied. See Section 4 in your benefit booklet for additional details.

[6]Transplants must be received at a facility that contracts with BCBSNM or with the national BCBS transplant network.

This is a summary only – please refer to the Summary of Benefits and Coverage (SBC) document and Benefit Booklet for more details.
