

Hello!

Here is your Health Kit for August 2021. Please take a few minutes to distribute all materials via email and share this message. Your dedication to wellness makes a difference. Thanks for your efforts!

Adopting a sustainable lifestyle is one of the best things you can do for the environment. Sustainable living means making conscious choices that reduce your carbon footprint and conserve Earth's resources. In this month's Health Kit, you'll learn small steps you can take to make a big difference in the world we all share.

Poster

Check out this month's poster for simple ways you can live smart and do your part to help.

Recipe

Did you know going meatless can be good for your health AND the environment? Reducing your meat consumption can save resources like water and fossil fuels used by the meat industry.

Check out this month's meat-free recipe.
